Description

This is our new Release NEW VISION Pipe kit. After testing for months we have come up with even better pipe then before and from one of the largest Modified engine builder in the world.This kit comes complete with a high quality Stainless steel NEW VISION pipe with Internal stinger, your choice of degree 304 mandrel bent header, pipe clamp with vibration o-ring and no leak exhaust manifold. This kit requires no muffler to pass IMPBA or NAMBA noise requirements. This is not the same cheap thin china pipes that you see being sold everywhere. Hard to beat for price, performance and most importantly the quality. These are the real deal.

Exhaust Systems: New Vision Pipe Kit

Our new vision works on stock engines up to 32cc. The reason why is we designed the pipe we did not get from china and put our name on it like most all other company's out there another new product from Gizmomotors.

PLEASE NOTE THAT THE PIPE CLAMP SEEN IN OTHER PICTURE COMES WITH KIT.

overall length of pipe 16 1/2"

Stinger Length 2 1/2"

Too start setup at 12 1/2" following from the back of no leak around header to the center of the cones and adjust from there
