Description

The hugely popular HPI Bullet MT Flux has been updated with an all-new look, and this super tough off-road fun machine is ready for action at your command!

The Bullet MT Flux can blast through any type of terrain thanks to the immense power of its powerful brushless motor going through its 4WD drivetrain. Getting to awesome speeds and catching massive air has never been more fun! The durable, robust design of the Bullet means it can take hard landings and rough action, and the waterproof protection means it's protected from the elements so you can enjoy year-round action.

Underneath the brand new paint scheme, the Bullet Flux has a rugged 8-shock double-wishbone suspension, tough shaft drive, metal gear diffs and reliable 2.4GHz radio system. All you need to provide is a battery pack - and nerves of steel to control the powerful Bullet Flux!

Features:

- Chassis: 6061 aluminum double deck 0.12" (3mm) thick
- Drive: Four wheel shaft, with steel outdrives and axles
- Motor: HPI MMH-4000, 4000Kv brushless with black anodized heatsink case
