Description

GMM's Lifetime Drop Engine Mount Plates for The RZ-254 rear Ex motor.or the S-520 in-line

These are some of the best mounts you will ever find. These are exclusive to the RZ-254 motor. .185 thick aluminum mounts with large radius bends for added strength. They have 4mm pullstart bolt holes so now your stock screws from the Zenoah's and RCMK'S. The mounts offer a no questions asked free replacement if one should ever crack or break. These are direct replacements and are fully interchangeable with CC and hyper torque Style mounts and others that share the same dimensions.

THEASE ARE EXCULUSIVE TO GIZMOMOTORS AND DESIGNED BY US.

PLEASE NOTE: we have redigned all of our front plates so you dont have to cut the ID to clear the EZ-START starter pawl anymore.
