### Description

**This is the new pro race 26cc CNC machined Zenoah Engine. If you are just a weekend boater or want to be competitive racer this is the motor is for you at over 18,000 rpms. If you like to have a very competitive race engine without paying big money you don't have**

to. You can't buy this horsepower for the price anywhere.

Just to give you a update. I have now released my new port design on zenoahs. I have been testing for months now and they are monsters. As i seen that some company's are trying to copy us. But this new design it will be fun watching them try to copy This can not be copied very easy.The new design will improve though out the power band.

**Here is what you get:**

- New zeonah 260 pum marine engine
- Completely disassembled and all the parts are inspected and cleaned.
- Transfer ports are modified on a cnc machine.
- Cyl base cut to raise compression
- Exhaust port modified on a cnc machine.to our timing specs.
- Our CNC machine pro mod zenoah piston.
- Cyl is dressed by hand to insure that everything is blended in.
- Pro mod WT-257 carb with needle clamp and button head screws
- NGK plug installed
- Gizmomotors cnc Isolater block

Please check our prices, also you will see there is no CNC machined motor like this on the market for this price.

Thanks,

Gizmomotors,
