Description

Factory assembled Inferno NEO 3.0 VE Readysset delivers blistering acceleration of 0-50m in 3.5 seconds. With its formidable reputation built on the racing scene around the world, the VE uses the flagship model as a base to add a brushless motor & ESC. The Syncro KT-231P+ transmitter delivers vastly improved control and features precision setting adjustments with throttle end point adjust, dual rate adjust, plus a high-torque and high-speed steering servo. In addition, the powerful KYOSHO SPEED HOUSE brushless motor and ESC combines with big bore oil shocks and KC Cross tires to deliver superior performance on any surface. The Inferno NEO 3.0 VE allows anyone to test the bounds of common sense with powerful brushless motor acceleration.

Features:

- Pre-assembled chassis and body in a Readysset package can be ready for action the day you buy it.
- Full-time 4WD with low CG 3-diff shaft drive.
- Big Bore oil shocks & 4-wheel independent double wishbone suspension.
- Full bearing specifications with 18 ball bearings on the drive system.
- Wide variety of optional parts are available to upgrade the chassis.
- Equipped with 1.0 module metal main gear, designed for hard running.

Specifications:

- Length 496mm
- Width 307mm
- Height 189mm
- Wheelbase 323-328mm
- Tread (F/R) 258mm/261mm
- Gear Ratio 12.7:1
