Description

The KOMODO 4wd truck is built on the proven GS01 steel ladder frame with a new 4-link suspension design that features internally sprung oil filled "Transitions" shocks to provide smooth suspension travel and axle articulation. The KOMODO body set is made from extra thick (1.5mm) HD lexan and features the many scale details that customers demand. Realism like bumpers with authintec grill protection, F / R Light Buckets, wipers, snorkel, roof rack and more.

This truck features GMADE's latest rolling stock, the aggressive new MT-1903 tire measures at 4.3" (109MM) tall and is mounted on new black NR02 beadlock wheels to provide the ground clearance and traction to tame your favorite trails. Should you wish to upgrade, the standard

1 / 2

12mm hex design will accept your favorite aftermarket wheels and tires. Customize your rig with the wide variety of upgrades and option parts that are available. Assembly required.
