Description

Based on the heavy-duty Mad Force Cruiser chassis, the Mad Crusher incorporates a 5-link suspension system featuring ball joint upper and lower links in combination with lateral rods that deliver a deeper, supple stroke, more characteristic of rock crawlers. Equipped with the powerful KE25 engine, you can ride over any surface from tarmac to off-road in '70s American pick-up truck style with realistic scale wheels and tires. Simply add fuel and batteries to the Mad Crusher Readysset and you can get straight into monster trucking action!

Features:

- 1/8 scale Mad Force monster truck chassis base incorporates 5-link suspension.
- Pre-cut and painted scale body complete with decals applied recreates the 70's American truck style.
- Rigid axles on front and rear with solid casing effectively transfer power into traction.
- Diff gears incorporate steel spiral gears on front and rear to handle high power loads.
- Includes Syncro KT-231P+ transmitter and Syncro KR-331 receiver with failsafe function.
- Large capacity 150cc fuel tank enables long run times.

Specifications:

- Length: 590mm
- Width: 376mm
- Height: 290mm
- Wheelbase: 351mm
- Gear Ratio: 25.7/19.8/15.6:1
