Description

Based on the heavy-duty Mad Force Cruiser chassis, the Mad Crusher VE incorporates a 5-link suspension system featuring ball joint upper and lower links in combination with lateral rods that deliver a deeper, supple stroke, more characteristic of rock crawlers. Equipped with the powerful 2100KV Team Orion Neon 8 brushless motor, you can ride over any surface from tarmac to off-road in 70's American pick-up truck style with realistic scale wheels and tires. Simply add AA-size batteries for the transmitter and a battery for the chassis and the Mad Crusher VE Readysset will get you straight into monster trucking action!

Features:

- 1/8 scale Mad Force Kruiser 2.0 VE monster truck chassis base incorporates 5-link suspension.
- Pre-cut and painted scale body complete with decals applied recreates the 70's American truck style.
- Rigid axles on front and rear with solid casing effectively transfer power into traction.
- Diff gears incorporate steel spiral gears on front and rear to handle high power loads.
- Includes Syncro KT-231P+ transmitter and Syncro KR-331 receiver with failsafe function.

- Team ORION brushless system provides powerful performance.
