Description

New for 2024 our new release 1/4" Super Stinger drive with our 2024 new additions to the drive.

#1 removed the backstop inside the barrel now can remove the stinger from front or rear this make the drive much more versatile.

#2 cut slots in the stinger so it will lock very well and make it much more adjustable.

#3 removed all the button screws and installed all HD stainless Steel Allen Bolts to make the Drive bullet proof.

Made of 6061 Billet alum

Same bolt pattern as MTZ and speedmaster and others

Perfect for any size of boat

if this drive breaks other than normal where and rear, we will replace it for free.

you won't find a better drive and deal like this anywhere.

Now the stinger is not like other we did our time on this stinger. it is 1/4 SS shaft and is fully adjustable in and out of the drive also slotted with 2 ea set screws so it will lock solid a rock with chance to move it also is for s/q drive. the stinger will adjust all the way to back of Drive.

It by far one of the best drives around and come with lifetime warranty thats right lifetime to the original purchaser. normal wear and tear not covered.
