### Description

Great Planes has designed this bottle of Pro Thread Locking Compound to be used on metal fastners. It is not recommended for plastic parts.

**INCLUDES:** One bottle of Great Planes Pro Threadlocker

**SPECS:** Weight: 0.11 ounces (3g)

**FEATURES:** Medium strength general purpose thread locker Locks threaded fastners against vibration Perfect for use in helicopters and all RC cars Clean and dry parts for best results (removing grease, oil and dirt) Parts can be returned to service immediately in MOST CASES Thread locking compound comes in a Red bottle with a clear nozzle tip

**COMMENTS:** This bottle of glue will appear big in context to the glue. The reason being is the glue requires a large amount of oxygen or the glue will dry out. All one would need to do once you have the glue is shake the bottle and turn upside down. If the tip turns Blue, the glue is present. To some the bottle may appear empty. oct 31/96sk ir/jl

**BOX DIMENSIONS:** 1.50" W. X .75" H. X 3.25" L. **BOX WEIGHT:** .04 LBS.
