Description

Features:

- Fully-enclosed gearbox protects against dirt and debris
- The durable resin body is molded in white and comes with side mirror parts. The body may be painted with Tamiya's TS spray paints, which are formulated in synthetic lacquer for the best finish and durability
- The tough, lightweight ABS bathtub chassis features a rear-mounted motor, rear-wheel drive layout
- 4-wheel independent double wishbone suspension is equipped with C.V.A. oil filled shock units and extremely durable monocoque-type lower arms
- The front spiked tires feature three ribs for enhanced stability while the rear tires feature both spikes and an X-shaped tread pattern along the center to ensure high levels of grip
- Driver figure included
