Description The RIVAL MT10 is a powerful, purposeful, and built-to-last 1:10 scale monster truck capable of running on 3s LiPo battery. Its strength lies at the very core of this beast with its high-performance 3300kv Reedy brushless motor, fully sealed transmission, robust shaft drive, and center differential.

The RIVAL MT10 features long-travel independent suspension that is managed by four fluid-filled, adjustable coil-over shocks, giving the RIVAL MT10 the ability to roll over just about anything in its path. Giant aggressive monster truck tires provide maximum traction, letting the RIVAL MT10 claw through the toughest terrain with ease. The 4WD drivetrain includes three sealed gear differentials that transfer the power through durable, slider-type drive shafts to both ends of the truck.

Whether you're smokin' tires on the asphalt, rippin' through the lawn, or tearin' up a dirt field, Team Associated has you covered with the RIVAL MT10!

Scale: 1:10

Power: Electric

Length: 507mm (20.0")

Width: 325mm (12.8")

Weight: 2.80kg (6.1 lb)

Wheelbase: 225mm (8.86")

Transmission Ratio: 2.85:1

Not Included:

Four (4) AA batteries

Features:

2.4GHz 2-channel radio system

High-Torque digital servo with spring-style servo saver

Powerful Reedy 3300kV 4-pole brushless motor

Water-resistant high-power Reedy brushless speed control with T-plug connector and LiPo low-voltage cutoff

Three sealed gear differentials

12mm hex wheels inspired by Method Race Wheels

Threaded, oil-filled, coil-over shock absorbers

4mm heavy-duty adjustable steel turnbuckles

Durable slider-type drive shafts

Factory-finished RIVAL monster-truck-inspired

High-traction, all-terrain tires
