Description

The SW1211SG is the premier waterproof digital servo in the Savox Lineup. This coreless servo has 208.3 oz-in of torque and a speed of .10 at 6.0V. It combines leading edge technology with super high 12-bit (4096) resolution and steel gears for one versatile and waterproof servo! This is a great upgrade if your looking to drive your RC vehicle in any condition...rain, sleet, or snow.

Features:

- Combines leading edge technology with super high 12 bit (4096) resolution and steel gears.
- Waterproof.
- Coreless motor provides high speed, incredible efficiency, and low power consumption.
- Extremely strong steel gears ensure long-life and durability.
- The aluminum case design not only looks good but also allows for cooler and smoother operating temps.
- Our servos are totally green - from materials to production, these servos are environmentally friendly.
- Ideal for RC cars, trucks, buggies, and boats.
